Mashup Industries proudly presents:CLIVESTER - The Odd American Gangster

Years ago someone named "Dangermouse" took "The White Album" from The B*****s and Jay-Z's "Black Album" and created "The Grey Album"...

2008 - It's payback time! Mashup Industries' Clivester produces "The Odd American Gangster". Created from Gnarls Barkley's new album "The Odd Couple" and Jay-Z's latest production "American Gangster". The result is a unique Hip Hop album that features 11 tracks from both albums combined to an almost natural production. But hear for yourself:
